RESPONSE TO THE OFFICE ACTION
DATED 8/22/2003

Commissioner for Patents
PO Box 1450
Alexandria, Va 22313-1450

This is in response to the above Office Action. The Examiner has required an election of species between eight dosage forms (a through h).

Applicant elects species (a), i.e. dry powder, paste, ointment, cream, with traverse.

Applicant traverses on the grounds that the claims generic to species (a) through (h) are in fact allowable.

The claims readable on the elected species are as follows: claims 1-16,18,20, 25,31,32 and 34.

Respectfully submitted,

A handwritten signature in cursive script that reads "Henry E. Millson, Jr." The signature is written in dark ink and is positioned above a horizontal line.
